Report of the Selectmen,

For the Year Ending February 15, 1899.

To the Citizens of Hillsborough:

It is our pleasure as it is our duty, to lay before you an account of our stewardship, so that all may have an intelligent understanding of the manner in which their municipal affairs have been conducted.

At the last annual meeting the fact that our tax rate had in the past few years increased from $1.85 to $2.35 on each and every one hundred dollars of valuation, was so impressed upon the minds of the voters that a beginning was made toward a lower tax rate, by keeping the appropriations down to the lowest possible point. During the past year we have kept this in mind and have carefully considered all expenditures of the town's funds. If in your perusal of such expenditures you find some which seem imprudent, we would say that we have used our best judgment in so doing. Only a continuance of this policy can prevent an increase in our tax rate, and every voter should carefully consider every appropriation asked for.

While our expenses for the year past may seem large, in some of the different departments of which this report treats, especially the Road Agent's report, we would say that it has been the custom heretofore not to pay any breaking road bills until after the March meeting, therefore this report covers all breaking road bills for the year 1898 and up to Feb. 1, 1899.

Also in regard to Street Lights. The contract with the Electric Light Co. expired December 1, 1898. They discontin-

ning the service on December 11th, we put up our old street lights. This report covers all expenditures from December 1, 1897 to February 15, 1899, inclusive.

We have the past year settled each and every bill on the first of each and every month, where it has been possible to get it. This being a good business principle for any individual, it should be if applied to town affairs.

The town has for the past few years employed a night watchman at a cost of nearly $800.00 per year. After considering the matter and counselling with our leading merchants, we were of the opinion that our finances would not warrant this outlay. We have the past year paid our police and night watch by the hour for the actual number of hours they have been on duty, and for what other expenditures they have been called upon to make. As we have had no complaints, are of the opinion that the town has been well served, at about one half of the expense.

In the last annual report attention was called to the law suits then pending, that the town was defendant in—that of Morrill & Merrill and James S. Butler. The decisions were against the town, and bills to the amount of $425.00 were presented for payment. These were settled by paying $300.00 in full settlement of same.

In the joint suit of this town with Henniker, the decision was in favor of the town, and while it will probably cost more to settle with its witnesses and attorneys than it would to have built its portion of the road, it is a victory, as the road was not a public necessity and will not have to be maintained forever at some cost to the town each year, to so maintain as a highway. Our total expense thus far in this case, is $233.49

At the last annual meeting Mr. Charles M. Freeman was chosen as overseer of the poor. He having resigned, Mr. Charles S. Perry was appointed to attend to the duties of that office for the remainder of the term. See his report, with comparison with last year.

In conclusion, we would say, that with $2000.00 less money appropriated for town expenses, with the amounts we have had to expend in defending our law suits, with the outstanding breaking road bills, and the additional time covered also in street lighting, that we are able to reduce our town debt, is a source of pleasure to us, and a relief to the tax payers.

TOWN WARRANT.

STATE OE NEW HAMPSHIRE.

To the Inhabitants of the Town of Hillsborough, in the County of Hillsborough, in said State, qualified to vote in Town Affairs: You are hereby notified to meet at Childs' Opera House, in said town, on Tuesday the fourteenth day of March next, at nine of the clock in the forenoon, to act upon the following subjects :

1. To choose three Selectmen, Town Clerk, Town Treasurer, Collector of Taxes, Highway Agent for the ensuing year, Trustee of Fuller Public Library for the two years ensuing, and all other necessary Town Officers or Agents for the ensuing year

2, To hear the Reports of the Selectmen and Town Treasurer and Tax Collector to the Town Auditors, the reports of the Auditors, Agents, Committees, or other town officers, heretofore chosen or appointed and to pass any vote relating thereto.

3. To raise such sums of money as may be necessary to meet the current expenses of the town and apply upon the principal and interest of the town debt.

4. To see what sum of money the town will vote to raise for building and repairing sidewalks.

5. To see what sum of money the town will vote to raise for building and repairing highways, bridges and culverts.

6. To see if the town will vote to raise any money for school purposes, other than that required by law, or pass any vote relating thereto.

7. To see if the town will vote to raise a sum of money, not to exceed seventy-five dollars, ($75 00) for Senator Grimes Post, G. A. R., to be used Memorial Day.

8. To see if the town will vote that no Liquor Agent or Agents shall be appointed for the ensuing year.

9. To see if the town will vote to instruct the Selectmen to contract with any responsible person, firm or corporation to light the streets and highways of Hillsborough with electric lights of twenty-four (24) candle power each, from sunset of each day until sunsise of each following day, for a term of five (5) years from August 1st, A. D. 1899, said lights to be located in the same sections of the town that the public lights of the Hillsborough Electric Light and Power Company are now located, and such other sections of the town as said Selectmen may determine, at a price not to exceed ten (10) dollars per light per annum, with exemption from taxation for the same term of years of the electric light plant of said person, firm or corporation furnishing the aforesaid lights, provided said person, firm or corporation will also enter into an agreement to furnish electric lights to the inhabitants of this town for commercial and domestic purposes at a price not to exceed one-half of the present average of prices as charged by the aforesaid Hillsborough Electric Light and Power Company and provided also said person, firm or corporation furnishing the aforesaid lights shall light the hose house, police station and selectmen's room free of expense, or pass any vote relating thereto.

10. To see if the town will vote to instruct the Selectmen to coniract with the Hillsborough Electric Light and Power Company to furnish 24 candle power electric lights upon the streets and highways of the town where said company's lamps are already installed, for a period of five years, at the price of thirteen dollars ($13.00) per light per year, or pass any vote in relation thereto.

11. To see if the town will vote to accept the sum of one hundred dollars ($100.00) from the estate of Mrs Catherine W. Bascom late of Lynn, Mass., on condition that the town will forever care for her burial lot in the Lower Village Cemetery, so called.

12. To see if the town will vote to discontinue the old highway leading from the McColley place to the Sawyer place, so called and to the Windsor line.

13. To see if the town will vote to continue the present by laws in force, prohibiting cattle and horses from running at large in the highways.

14. To transact all other business which may legally come before said meeting.

Given under our hands this twenty-fourth day of February, in the year of our Lord eigeteen hundred and ninety-nine.

TRUST FUNDS.

The town holds in trust the following described funds, the income of which is to be used for the following purposes:

The Mark W. Fuller bequest of $2000.00, drawing interest at 6 per cent. The income to be used, firstly, in keeping in suitable repair the Fuller plat in the cemetery between the Upper and Lower Villages; the balance being used for the benefit of the inhabitants of said town. The town voted to use the balance for the Fuller Public Library.

The Sarah C. Fuller bequest of $1000.00, to the Fuller Public Library, subject to the same conditions from the town as the Mark W. Fuller bequest, excepting that the First Selectman of said town shall visit the Fuller plat four times each year, forever.

The Abby C. Mordo bequest of $100.00, drawing interest at 4 1-2 per cent., the income to be paid to church at Hillsboro Center, annually.

The Caroline M. Burnham bequest of $200.00. The income to be used to forever keep in suitable condition the Dr. A. C. Burnham plat in the Deering cemetery.

The Estate of Sarah Taggard bequest of $100.00 to forever care for their plat in the cemetery between the Upper and Lower Villages in this town, keeping the same in suitable condition.

The estate of Maria Travis, $100.00, the interest to be appropriated in keeping in repair for all time the burial lot of her late father and mother, Mr. and Mrs. Jonas Baldwin.

We publish these, so that each incoming Board of Selectmen may know what their duties are concerning the funds that have been bequeathed to the town, enabling them to comply with their requirements.

Report of the Board of Health.

To the Selectmen and Citizens of Hillsborough, N. H.:

At the date of our last report, (Feb. 15, 1898), the measles were prevalent throughout the town. The epidemic continued and 99 cases were reported after that date. There were no deaths unless complications existed. One case of scarlet fever occurred. By prompt quarantine and thorough disinfection, the disease did not spread. Only one case of typhoid fever reported during the year.

Attention is called to Chapter 93, Public Statutes, Section 2. "No child shall attend any public school unless he has been vaccinated, or had the small pox."

The prevalence of small pox in other states and the liability of its being carried into any community, seems to make it desirable that precaution be taken in anticipation of its invasion, and your Board would earnestly recommend to parents and school officers, compliance with this provision.

The source of the water supply has been carefully supervised and the water is believed to be pure.

Thirty-six applications have been made for sewer connection, and connection completed in eighteen of them. There are still many residences that should be connected and we hope the owners will realize that their self-interest lies in doing so, in the near future.

Respectfully submitted,

JOHN GOODELL, M. D.,
E. L. CARR,
BROOKS K. WEBBER,

BOARD OF HEALTH.

REPORT OF TRUSTEES

—OF—

Fuller Public Library.

There have been no books added to the Library this year. The trustees have been desirous of classifying the books in the Library and adopting a new card system, such as is used in most libraries, and no books have been purchased during the last two years, the plan being to use the income of the Fuller fund for payment of this new classification. Believing, however, that the people of the town would prefer to have some new books added to the Library and raise enough to pay for the proposed expense, the trustees have decided to purchase a few books now and ask for a sum of money at the town meeting which, with the balance of the Fuller fund income, will cover the expense of the new classification and card system. A small lot of baoks has been ordered and will probably be in the Library before this report is printed.

The Librarian presents the following cash account for year ending Feb. 15, 1899:

Cash on hand Feb. 15, 1898, - - - - -	$ 4 07
Received during year for fines and catalogues,	15 82
	$19 89
Cash paid for sundries, - - - - - -	12 89

Special School District Warrant.

STATE OF NEW HAMPSHIRE.

To the Inhabitants of the Special School District, in the Town of Hillsborough, qualified to vote in district affairs:

You are hereby notified to meet in the School House in said district on Monday, the twenty-seventh day of March, 1899, at seven of the clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a member of the Board of Education for three years.
4. To hear the reports of the Board of Education, Treasurer, Auditors, and other officers and committees heretofore chosen, and pass any vote relating thereto.

Report of the Board of Education

— FOR —

Special School District.

Our school is in a good condition and shows a fair increase in attendance. It threatened to be a serious question last Summer to provide for all the scholars, but at the opening of the Fall term the grades were so divided that by putting four grades in the Grammar school, accommodations were provided for all. It is evident, however, that very soon, possibly next Fall, our present building will be so overcrowded as to require more room.

Under the management of Mr. Pringle, good work has been done during the past year and the general standard of the school has been raised. In judging the amount of work done in our school, as compared with that of the cities, it should be remembered that each of our teachers has at least two grades and the classes cannot make quite the same advancement as when a teacher has but one grade. Our teachers have all manifested a deep interest in their work and have worked together harmoniously for the welfare of the school.

A few years ago Latin was introduced in the High school as a part of the regular course. Believing, however, that it was not for the best interests of our school to make Latin compulsory, two courses have been arranged, substituting more science and literature for the Latin, for those who preferred a strictly English or scientific course. As these courses are developed, we believe our people will be better satisfied than with one course.

Instruction in music has been given during the past year by Mrs. Maynard of Concord. For various causes, some unavoidable, the lessons have been rather intermittent and the results have not been as good as had been hoped.

In drawing, under the charge of Miss Butler, the scholars have shown a marked improvement and some very commendable work is shown.

All the rooms have now been fitted with slate blackboards. Some new flooring has been laid and it is advisable to replace the flooring in two more rooms during the ensuing year.

The attention of parents is called to a matter which causes much annoyance and works for harm with the scholar, and that is, allowing children to stay away from school on very slight pretexts. Cases are known where parents have allowed their children to stay out of school simply because they wanted to. This is hurtful to the best interests of the child and we trust that parents will realize that during school time, their children should be constant in their attendance.

REPORT OF THE BOARD OF EDUCATION, TOWN DISTRICT,

For the Year Ending February 15, 1899.

SCHOOL BOARD.

LIZZIE S. TUTTLE, Chairman.

ALDEN P. FARRAR, Treasurer.

JENNIE H. HASTINGS.

WM. F. WEST, Clerk of District.

The schools this year, in most cases, show a marked advance over those in the past. There has been less cramming for examination and more solid work. The children have shown much eagerness to learn and we very much regret the shortness of the school year. It is hoped that the parents will supplement a little teaching at home through this long vacation, that the children may retain what they have learned, if nothing else is added.

We should remember that it is the duty of parents to look well to the education of the children. Give them a chance and they will not disappoint us. Consequently you should lend a voice in the raising of a liberal school fund.

Make an effort to have your children punctual and the regular attendance as perfect as possible. Irregular attendance is one of the worst drawbacks in school work. Schools are vastly increased in efficiency when the home and the school work hand in hand. Parents and teachers have similar tasks and their aims should coincide in order to secure the best re-

sults. It is only necessary for earnest mothers and earnest teachers to meet on the ground of mutual kindliness and respect and they will soon find that they are of the greatest possible help to each other.

Our teachers are well aware that teaching is not a time for recreation—it means hard unselfish work, it means patience, perseverance, forbearance, and, because the common schools are the training institutions for the masses, they should furnish the natural education that teaches how to use hand, eye and brain in the work and pleasure of every day life, with a training that shall enable them to make a living, to be good citizens and good Christians, capable also of enjoying and applying the beauties of nature and art among which their lives are spent. And we are gratified to say that this is realized by the great majority of our teachers and that they are faithfully trying to make the schools better. That they are eager to co-operate with the parents for the best good of our children. Half the worries of the teacher's life comes from misunderstandings with parents. Is it not well then to become acquainted with the parents of the children whom you are to teach?

In the old days of "boarding round," the teacher was brought into living contact with the home life of the pupil. Who can say what helpful impulses came from the homely, old-fashioned custom? Preparation in advance is always half the battle, and this brings us back to a safe principle in school management that is: No school is well managed unless all the work is well planned.

In some divisions there is an increase on the roll of perfect attendance over that of last year. It is hoped that next year every pupil will strive to be represented on that roll, as well as on the roll of perfect deportment.

In conclusion the retiring member desires to extend thanks to parents, teachers and pupils for past favors and courtesies shown her.

Respectfully submitted,

LIZZIE S. TUTTLE,
ALDEN P. FARRAR,
JENNIE H. HASTINGS,
School Board.
